## TC15M Low temperature portable dryblock calibrator -40°C up to +150°C

Temperature range	
	Coole 10°C below embient temperature
Cooling	Cools 40°C below ambient temperature
Heating	Up to +150 °C
Accuracy	±0.3°C
Stability	±0.05°C
Heating Time	Stabilized after 50 minutes
Cooling Time	Stabilized after 20 minutes
Display and setting	
Temperature setpoint	Easy programming with two buttons only
Display	LED display
Display resolution	0,1°C
Well depth	110 mm
Well diameter	19 mm
Inserts and bore	1x Insert with 3,5mm bore, and 1 x Insert with 6,5mm bore
Connection	
Thermostat	Function test connection
Thermostat Features	Function test connection
	Function test connection No oil or other liquids required
Features	
Features Dry Block principle	No oil or other liquids required
Features Dry Block principle Operating Temperature	No oil or other liquids required 0 to 40°C
Features Dry Block principle Operating Temperature Power supply	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ
Features Dry Block principle Operating Temperature Power supply Power consumption	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt
Features Dry Block principle Operating Temperature Power supply Power consumption Weight	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt Approx. 5,5kg
Features Dry Block principle Operating Temperature Power supply Power consumption Weight Dimensions	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt Approx. 5,5kg
Features Dry Block principle Operating Temperature Power supply Power consumption Weight Dimensions	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt Approx. 5,5kg 117 x 300 x 245mm
Features Dry Block principle Operating Temperature Power supply Power consumption Weight Dimensions	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt Approx. 5,5kg 117 x 300 x 245mm Instruction manual
Features Dry Block principle Operating Temperature Power supply Power consumption Weight Dimensions Supplied with	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt Approx. 5,5kg 117 x 300 x 245mm Instruction manual
Features Dry Block principle Operating Temperature Power supply Power consumption Weight Dimensions Supplied with	No oil or other liquids required 0 to 40°C 90-240 VAC 50/60HZ 180 Watt Approx. 5,5kg 117 x 300 x 245mm Instruction manual Maritime and Offshore approved by DNV

## Ordering code

\*This datasheet is purely indicative, build-up of model code may vary from this datasheet.
